

Entegris At Minneapolis Fuel Cell Show This Week

WHAT: Entegris, Inc., is participating in and helping to sponsor Fuel Cell 2005, held this week in Minneapolis, Minn. The company's science and technical expert Chuck Extrand is also delivering a major presentation, Gas Permeation Resistance of Balance of Plant Materials.

WHERE: The Hyatt Regency Hotel in downtown Minneapolis

WHEN:	FUEL CELL 2005	ENTEGRIS PRESENTATION
	June 7-8, 2005	June 8, 2005
	June 7, 7:00 a.m.-4:30 p.m.	10:30 a.m.-11:15 a.m.
	June 8, 7:30 a.m.-3:00 p.m.	

OVERVIEW: From concept to commercialization Entegris combines its materials expertise, advanced technology and manufacturing competencies to assist fuel cell system developers to go from research and development to commercial applications. Entegris' solutions have proven to lower costs and improve reliability of fuel cell systems. The company produces components and subassemblies for some of the largest fuel cell system developers in the world today.

"Entegris is proud to be a key participant and major sponsor of the fuel cell show in Minneapolis this week," said John Goodman, senior vice president and director of fuel cells marketing for Entegris. "Advancing fuel cells as an alternative energy source will produce real benefits in terms of our country's energy security, protecting the environment and creating new jobs. Entegris brings its global market leadership and advanced technology to help keep this exciting new industry moving forward."

ABOUT ENTEGRIS:

Entegris products and services protect and transport the critical materials that enable the world's leading technologies. Entegris is the leading materials integrity management company providing products and services used from production to consumption in the semiconductor, data storage, chemical processing, pharmaceutical, fuel cell and other high technology industries worldwide. Entegris is headquartered in Chaska, Minnesota, and has manufacturing facilities in the U.S., France, Germany, Japan, Malaysia, Singapore and Taiwan.
